Tom –

As it relates to 009 and 010, I just received this week a hardcopy of “Indiana Harbor Ship Canal Oil Investigations Indiana Harbor Outfalls 009 and 010, Technical Summary Report February 2018.” Looks like it was addressed to Commander Zeita Merchant, U.S. Coast Guard and cover letter dated 2/12/18. Since the Coast Guard has the lead on 009 and 010, I figure we could give them time to review the report and then follow-up. Also, I believe that Linda sent you a copy of the adopted AO for 001.

Thanks.

Thanks for the update. Any chance we could see the current version? Do you know anything about the current status of outfalls 009 and 010?

Tom - Sorry that I forgot to let you know, but we did make some minor changes and AM has signed the AO and sent back to IDEM to adopt. I will have Linda send you guys a copy of the adopted AO.

Tom and Tom --

Please see the attached proposed AO that we would like to send to AM. This is just for outfall 001.

Thoughts?

Thanks.
